FOR IMMEDIATE RELEASE

NorthPoint Cabinetry Introduces Sage Green and Nautical Blue Accent Finishes

Available in select Catalina base cabinets, the new finishes deliver style, durability, and quick availability.

[BOSSIER CITY, LOUISIANA – JULY 15, 2026] – NorthPoint Cabinetry®, a leading brand of quality cabinets from Hardware Resources™, has introduced new accent colors, **Sage Green** and **Nautical Blue**, to its popular Catalina door style. The new finishes are exclusively available on a select range of base cabinets and accessories, making it easy for designers to incorporate a statement kitchen island without the wait associated with custom cabinetry.

The Sage Green finish is a soft, verdant shade that can be paired with Polar White or Shell White cabinetry to create a light, bright space. Designers can create a custom-look, nature-inspired contrast by pairing a Sage Green island with earthy Slate or natural wood Sandstone cabinetry. The Nautical Blue finish adds depth to projects where light colors dominate. Pairing the deep, moody contrast of Nautical Blue with light-color

cabinetry, whether Polar White, Shell White, or Sandstone, grounds the space with a comfortable elegance that feels right at home.

The NorthPoint Cabinetry accent color base cabinets can be ordered fully assembled or as QuickBuild® cabinets. QuickBuild cabinets are engineered for fast, easy assembly in minutes. Both assembled and QuickBuild cabinets feature plywood box construction, dovetail drawer boxes, and clean interiors free of fasteners. In-stock cabinets ship fast from strategically located warehouses across the country.

To learn more about the new Sage Green and Nautical Blue finishes, visit NorthPointCabinetry.com for product specifications, design inspiration, and dealer information.

ABOUT NORTHPOINT CABINETRY®

NorthPoint Cabinetry, a Hardware Resources™ brand, is a professional-grade line of assembled and QuickBuild® cabinet designs. NorthPoint Cabinetry features plywood box and hardwood face frame construction with sturdy dovetail and pocket screw assembly that reinforce the cabinetry's structural integrity. The cabinet interiors offer a custom look that is free of visible fasteners. The consistency of the exterior finishes is achieved through a multi-step process that maintains color and application accuracy. NorthPoint Cabinetry is available nationwide. QuickBuild cabinets ship within five days and assembled cabinetry ships within two weeks from regional warehouses.
