REFINEMENT

REFINEMENT

Inspired by 1940s and 1950s New York City, where Hollywood glamour met the visual sophistication of film noir, the Refinement collection captures a distinct sense of elegance. Its defining detail draws from the textured surfacing of vintage lighters, objects that embodied the era's design language while serving as personal style statements. This influence is expressed through tactile surfaces and carefully softened edges, creating a feeling of time-worn refinement while maintaining crisp, defined lines. Each piece undergoes a meticulous, labor-intensive finishing process that reflects Watermark's dedication to craftsmanship, delivering products that reward the senses with every use.

The assortment spans both kitchen and bath applications and offers a smooth, linear knurled, and ridged knob, as well as a smooth and linear knurled lever handle. Classic, yet minimal, the collection works seamlessly across a range of aesthetics. Its thoughtful scale allows it to enhance expansive primary suites as effortlessly as intimate powder rooms, bringing a sleek, sophisticated presence to every space it touches.
